Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources, is available to all individuals regardless of race, color, national origin, sex, age or disability. Discrimination inquires should be sent to MN-DNR, 500 Lafayette Road, St. Paul, MN 55155-4031 or the Equal Opportunity Office, Department of the Interior, Washington D.C. 20240.

BIRDS OF THE GREENWAY

BIRD Checklist

GRAND FORKS, ND
EAST GRAND FORKS, MN

Date: _____

Weather: _____

Observers: _____

Notes: _____

This check-list shows the names and abundances of nearly 250 species of birds that have been observed within The Greenway of Grand Forks/East Grand Forks. Nomenclature and species order follow the 7th Edition, 45th Supplement of the Check-List of North American Birds of the American Ornithological Union.

For checklist purposes, The Greenway is defined as the area within the permanent dikes along the Red and Red Lake Rivers, from the East Grand Forks wastewater pools on the north to the Grand Forks Country Club on the south.

An * is used to denote the species for which nesting has been proven. For species that likely nest, based on repeated observations of territorial behavior of males for extended periods of time, a # is used.

Seasons and definitions of abundance are defined as follows:

Sp – Mar 1 – May 31 Su – Jun 1 – Jul 31
 Fa – Aug 1 – Nov 30 Wi – Dec 1 – Feb 28

A – Abundant

Daily counts exceeding 250

C – Common

Daily counts 25-250

F – Fairly Common

Daily counts of 5-25

U – Uncommon

Daily counts of 1-5; <25/season

R – Rare

Seen most years: <5/season

O – Occasional

Seen less than once every 3 years

The indicated seasonal abundances for each species are based on past records of peak daily counts made by visiting optimal habitats at the best times of the year. Perceived abundances vary from year-to-year. Summer and/or winter abundances are shown for several migratory species whose migration periods extend into those seasons as defined. The definitions of seasons are the same as used by North American Birds.

Comments and observations relevant to this checklist can be sent to Red River State Recreation Area 515 2nd Street NW, East Grand Forks, MN 56701
